specialised intensive facials

crystal clear comcit facials

COMCIT goes far beyond conventional treatments.

This is the first time all of these skin rejuvenation modalities – Cryo-Oxygen, Micro-channelling Collagen Induction Therapy – have been included in one treatment exclusively by **Crystal Clear** and the results are incredible. The simultaneous action and rapid infusion of potent actives combining plant stem cells and low molecular weight hyaluronic serum, stimulates new collagen production, significantly reduces lines and wrinkles and rejuvenates the skins texture and firmness.

- * Instantly smooth, fresh, firmer plumper and more youthful skin
- * Reduced lines and wrinkles
- * Tauter, more rejuvenated skin
- * Provides oxygen to all levels of the skin
- * Stimulates Collagen production at a cellular level
- * Helps repair sun-damaged skin
- * Perfect for acne-prone skin [due to anti-bactericidal effects of both oxygen and the infusion]

We recommend a course of 6 treatments taken 2 weeks apart.

dermalux l.e.d phototherapy

Multi-Award winning Dermalux LED Phototherapy is the leading, non-invasive treatment that harnesses the power and beauty of light for visibly radiant, rejuvenated skin.

Dermalux Compact combines clinically proven wavelengths of light with the latest generation LED technology to deliver safe, pain-free and effective results for a wide range of skin conditions and concerns without downtime.

After just one treatment, Dermalux Compact instantly energises skin cells to revitalise a dull and tired complexion. A course of treatment offers long lasting visible results, stimulating the skins natural rejuvenation and repair process to accelerate cell renewal, resolve problem skin conditions and promote healthy looking skin.

The compact is 5 times more powerful than the Flex, delivering faster results and shorter treatment time than the Flex.

The Flex is designed for portability and at-home use, while the Compact is a professional grade device.

We also offer a rental service for our Flex. Just ask Katie for details.

Can be used to treat a range of skin conditions including:

Acne • Psoriasis • Eczema • Anti-ageing • Accelerated healing

BeautyLab Glycopeel Facial

£99

This unique resurfacing range uses a combination of glycolic and salicylic acids along with boosting enzymes to decongest, rejuvenate and reveal dramatically improved skin. Deeply cleansing formulas relieve congestion while targeting pigmentation, age spots and dullness. It will deliver both instant and prolonged benefits. Its exfoliating action speeds up cell renewal and reveals smoother, brighter and more supple skin with minimised pores, less pigmentation and fewer irregularities.

Although results are visible within the first treatment, a progressive 6-week course is recommended.

Course of 6 Peels

£535

BeautyLab Microneedling Treatment 30-40 mins**£120**

This is the ultimate complexion treatment that targets areas of concern such as fine lines, large pores and scarring.

This treatment is especially designed to activate the skins natural healing process helping to increase collagen and elastin production, giving a much healthier, more youthful looking skin over the course of the treatment.

Our experienced therapists will carry out a thorough consultation working with their clients to provide the best treatment outcome.

Crystal Clear Microdermabrasion Facial 30 mins**£66**

Clinically proven the Crystal Clear skin treatment performs a progressive rather than aggressive treatment over a course of treatments. However, results can be seen even after the very first treatment. Crystal Clear Microdermabrasion offers a safe, controlled method of exfoliation allowing superficial peeling of the Stratum Corneum reducing its thickness through mechanical abrasion of the dead skin cells.
